

## Medical Illustrations

Because every medical case involves critical, complex and unique issues, it is imperative that the information presented to the jury is clear, simple and accurate. Visual Evidence accomplishes this by offering several alternatives to meet your specific requirements.

Custom Case Specific Illustrations - Visual Evidence employs some of Ohio's best and most experienced medical illustrators, all of whom are graduates of the prestigious Cleveland Institute of Art. These staff artists will work closely with you and your medical experts to design and prepare illustrations that best convey your case specific medical needs.

The Ciba Collection - Dr. Frank Netter &ndash; For a low-cost solution to presenting your medical case, Visual Evidence is the only demonstrative evidence company in Ohio licensed to offer the complete collection of Dr. Frank Netter's acclaimed and detailed medical illustrations. This collection contains hundreds of unique color illustrations that can be used with or without labels, at their original size or cropped to customized dimensions, specific to your needs.

The Visual Evidence Collection &ndash; Over the past two decades Visual Evidence has created hundreds of stock medical illustrations that are available as a cost effective solution for general courtroom use.
